## Report Cards

Report Cards were sent home with students on Thursday, November 26 during Block 2 or Block 4 classes. Ask your student if you have not seen it yet.

Please contact the office if your student does not receive a report card in any of their classes.

### Dear KSS parents and guardians,

The KSS PAC is asking for your support to allow us to sponsor awards for our 2021 graduates through the Central Okanagan Bursary and Scholarship Society (COBSS). We will use any additional funds for clubs and activities to benefit all KSS students. We do not normally fundraise, but our BC gaming grant cannot be used to fund COBSS awards and does not cover all funding requests. We have created a Go Fund Me page, and we hope you will support our students as you are able. For details and to donate, please follow the link.

Sincerely,

Your KSS PAC

### **Important news regarding the 2021 Interior Savings Western Canada Basketball Tournament**

Kelowna Secondary returned to school this past fall with hopes that we would be able to run the 48<sup>th</sup> annual event in some form. We had our gymnasium set up with close circuit cameras and microphones in case we needed to proceed without our usual capacity of fans. This tournament is rich in a tradition that has made it one of the premiere tournaments in Canada. After much discussion and recent changes in the pandemic protocols, we have made the difficult decision to cancel the February 4, 5 and 6, 2021 tournament. We are not willing to put people's safety in jeopardy nor attempt to run an event that doesn't measure up to our high standards of excellence.

Sincerely,  
The Tournament Directors and  
Kelowna Secondary school

Students are asked to avoid the Okanagan College Parking Lot #6 on December 3 in the afternoon. This is the lot adjacent to the staff parking lot.

Student should walk only on the sidewalks and not randomly walk across the back ring road.

OC students will be taking part in a curbside pick up of learning materials.

\*Check BCCDC's [Symptoms of COVID-19](#) regularly to ensure the list is up to date.

If you answered "YES" to any of the symptom questions, are the symptoms related to a pre-existing condition? (e.g. allergies). ☐ YES ☐ NO

If "YES" the person may come to school if the symptoms are being experienced as normal.

If "NO", the symptoms are not related to a pre-existing condition see the following information:

If you answered "YES" to one of the questions included under 'Key Symptoms of Illness' (excluding fever), you should stay home for 24 hours from when the symptom started. If the symptom improves, you may return to school when you feel well enough. If the symptom persists or worsens, seek a health assessment.

If you answered "YES" to two or more of the questions included under 'Symptoms of Illness' or you have a fever, seek a health assessment. A health assessment includes calling 8-1-1, or a primary care provider like a physician or nurse practitioner. If a health assessment is required, you should not return to school until COVID-19 has been excluded and your symptoms have improved.

When a COVID-19 test is recommended by the health assessment:

- If the COVID-19 test is **positive**, you should stay home until you are told by public health to end self-isolation. In most cases this is 10 days after the onset of symptoms. Public health will contact everyone with a positive test.
- If the COVID-19 test is **negative**, you can return to school once symptoms have improved and you feel well enough. Symptoms of common respiratory illnesses can persist for a week or more. Re-testing is not needed unless you develop a new illness.
- If a COVID-19 test is recommended but is not done because you choose not to have the test, or you do not seek a health assessment when recommended, and your symptoms are not related to a previously diagnosed health condition, you should stay home from school until 10 days after the onset of symptoms, and then you may return if you are feeling well enough.

If a COVID-19 test is not recommended by the health assessment, you can return to school when symptoms improve and you feel well enough. Testing may not be recommended if the assessment determines that the symptoms are due to another cause (i.e. not COVID-19).
